

**Florida SWAT Association
2009 Tactical Operations Conference
Student Equipment List**

The Florida SWAT Association 2009 Tactical Operations Conference student equipment list is provided below for all courses. Each student is reminded that hydration and food are their responsibility. At most of these training facilities it will get extremely hot and it is recommended that you bring a large amount of water to ensure you are properly hydrated.

This list is a minimum requirement, but it is also recommended that you bring all of your department issued deployment gear and be prepared for additional needs. We appreciate the fact that you are flexible and can overcome and adapt to any additional equipment needs.
