Single Officer Active Assailant Response

ADAPTIV DEFENSE - Preparing officers for reality: 82% of Active Shooting Response ends with the First Responder alone. (FBI 2013-2023). ADAPTIV's course delivers progressive, intensive training for a single officer response derived from proven hostage rescue tactics and modern practical shooting and is truly one of a kind. • Proven results: Validated curriculum by roughly 200 officers trained. On average, graduates show 50% faster solo clearances and 25% increased accuracy at speed in live fire CQB. • Course led by Jesse Cinco, former Army SOF. Flat Range Training will be led by Brantley Merriam, Grand Master / 2nd USPSA Carry Optics Nationals 2025 / 2nd IPSC Optics Nationals 2025.
