CRITICAL INCIDENT DEBRIEF

Corporal Matt Aitken / Sergeant Jake Viano, Pinellas County Sheriff's Office

In March of 2023, Corporal Aitken responded to a burglary call involving a suspect who fled from deputies after attempting to break into several vehicles. During the track, the suspect ambushed the K9 team, shooting Corporal Aitken three times at close range, striking him in the neck, wrist, and leg. His K9 partner bit the suspect and remained in the fight as the suspect attempted to shoot the back-up deputy who accompanied Corporal Aitken on the track. The back-up deputy, Sergeant Viano, was able to successfully engage the suspect, killing him while the K9 continued to fight. Corporal Aitken presents an in-depth debrief of this incident, including the training involved to ensure his K9 partner would respond appropriately under gunfire, the importance of taking back-up on a K9 track, preparing the K9 team for ambush situations, and tools for staying alive during the physical and mental recovery of such incidents.
