

**2017 SWAT ROUND-UP**  
**EQUIPMENT AND AMMO LIST**  
**FOR TEAM COMPETITION EVENTS**

**THE AMMO COUNT FOR THE TEAM TO COMPLETE THE EVENTS:**

- 350 rounds of **FRANGIBLE** handgun ammunition
- 30 rounds of sniper ammunition
- 75 rounds of **FRANGIBLE** sub-gun/assault rifle ammunition
- 2 inert 40mm gas gun rounds.

**EQUIPMENT LIST FOR TEAM EVENTS:**

- Unaltered, fully functional, gas mask with carrying pouch
- Handgun with safely secured holster with 3 handgun magazines
- Sub-gun/assault rifle with sling and 1 magazine
- 2 optically sighted precision sniper rifles (with magazines if applicable)
- 40mm gas gun
- Ballistic vest
- Eye protection
- Ear protection
- Standard deployment uniform and boots (optional for the obstacle course)
- Team rappelling equipment will consist of either (2) 7/16 inch (11mm) static or low stretch ropes of sufficient length to allow for a double line or (2) ½ inch (12.6 mm) static or low stretch ropes used as a single line. Ropes will be secured with an anchor tie-off with sufficient free rope to allow for a belay, before a load is placed on it. Carabiners with the minimum tensile strength of 40kN (9000lbs) must be used for the anchor system. NO DYNAMIC ROPES WILL BE ALLOWED.
- 5 approved rappelling harnesses
- 5 pairs of rappelling gloves
- Helmets for 2 belay personnel
- 5 approved figure 8's and carabineers
- Any equipment deemed necessary for crossing the pre-stretched traverse line
